

NORTHEASTERN  
NEW YORK

# 40

## *40 Districts for 40 Years of Service*

1 9 8 1 - 2 0 2 1

To honor the 40th anniversary of our agency providing services in the community, we have set a goal to provide programs in 40 school districts within our territory.

### Available School Programs

*All programs are currently being provided live through virtual platforms and free of charge.*

#### *Take Charge*

Forty-minute education programs for students in grades k-12 that teach students about epilepsy, seizures, and about accepting peers living with epilepsy and other chronic medical conditions.

#### *Seizure Training for School Personnel*

Sixty-minute training for school personnel on epilepsy, seizure recognition and first aid, identifying seizure emergencies, and supporting students living with seizure disorders. *Training for transportation personnel is also available.*

## 26,600

kids 17 and under in  
NYS with epilepsy

## 1 in 26

will develop epilepsy  
in their lifetime

## 1 in 10

will have a seizure in  
their lifetime

**For more information or to schedule a program, please contact:**
