MIECZYŚLAW KARŁOWICZ PHILHARMONIC IN SZCZECIN, POLAND

A nighttime photograph of the Mieczysław Karłowicz Philharmonic in Szczecin, Poland. The building's facade is illuminated with a vibrant purple light, creating a grid-like pattern of light and shadow. The architecture features large, pointed arches. In the foreground, the silhouettes of bare trees are visible against the purple glow. The entrance area is lit with a warm yellow light, and the name 'Filharmonia' is visible above the glass doors. In the bottom right corner, there is a small graphic of a human head profile with gears inside, symbolizing thought or music.
