CommunityChat

Taylor
VNS Therapy™ patient

Join our free one hour webinar to hear from epilepsy experts and people living with VNS Therapy™ about how VNS Therapy may lead to better seizure control and quality of life. VNS Therapy is a neuromodulation treatment designed for people with drug-resistant epilepsy 4 years of age and older with partial onset seizures.

1st Tuesday of the month at 7pm CST | 8pm EST

3rd Thursday of the month at 7pm PST | 8pm MST
